

Sanctions Compliance Statement

AJW Group's global reach means that sanctions will apply in the course of business. AJW treats sanctions compliance with the utmost seriousness and does not participate in transactions or engage in any conduct designed, or intended, to evade or facilitate a breach of any sanctions in force from time to time. AJW does not conduct business in, or with, any embargoed territory or sanctions targets.

AJW has thorough monitoring and compliance practices in place. We run screening checks on a daily basis to ensure that we have the most up-to-date information on any customers or vendors that may have been added to a sanctions list. We also conduct risk based due-diligence and require signature of an end-user statement to confirm that parts are not to be used in any way that breaches sanctions.
